SUMMARY

I am a Meta-certified React JS Frontend Developer with over a year of experience in creating responsive websites. With expertise in React JS and certifications from Meta and Google for Git & GitHub, I ensure efficient version control and collaboration. I am skilled in frontend development, responsive design, and am continuously expanding my knowledge of backend technologies like Express, MongoDB, and Node. Dedicated to delivering high-quality web solutions.

EXPERIENCE

Web Developer(Intern)

Feb '24 — Mar '24

CodesFix

Bahawalpur, Pakistan

- I learned HTML,CSS and JS.
- And also developed a site which will take a paragraph as an input and will send it to AI
- Then it will extract keywords and on the basis of the keywords it will generate hashtags and also re-generate a paragraph which will include all those keywords and hashtags.

Chrome Extension Developer(Intern)

Mar '24 — May '24

Bytelogist

Bahawalpur, Pakistan

- I learned and developed several Chrome Extensions.
- Youtube Automation Extension which would automatically play the 1st video on the youtube.
- Then it will Like the video ,Subscribe the channel and comment on the video accordingly with the help of AI.

SKILLS

Frontend HTML, CSS, Bootstrap, Tailwind, Javascript, JQuery, React JS, Next.js, Vercel

Backend(Basic) Node Js, Mongo DB, Express JS

Version Control Git & Github

CMS Wordpress
